Instructions: In a table (Table 6) provide data (average number per year for the past four years) on the enrollment and retention of underrepresented minority students. Enter data for each participating department/school separately (examples are shown; include others as appropriate). For enrollment, enter the average number of students enrolled at the beginning of the academic year; and for retention, enter the average number of students continuing in the program at the end of the academic year.

¹ Include African Americans, Hispanics, Native Americans, and other underrepresented groups, including Alaska Natives, and natives of the U.S. Pacific Islands. Also, include and identify any other categories that the institutional policy has determined to be underrepresented in biomedical or behavioral research fields.
